

SENSOLABO[®] USB

A Better Way to Monitor

USB + CLOUD TEMPERATURE DATA LOGGER

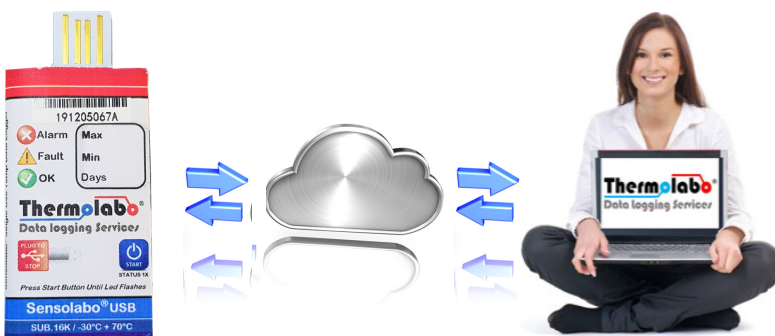

- From -30°C to +70°C
- Automatic PDF & CSV Reports
- Centralized Cloud Storage & Management Platform
- Email Alerts
- From 60 to 120 days of measurements
- Programmable LEDs for visual inspection
- Silicon Digital Sensor
- Waterproof
- 1 Year Storage Shelf Life
- No Technical Installation

Universal, Smart and Affordable

Sensolabo[®] USB is a Temperature Monitoring Solution that combines the simplicity of a USB recorder with the agility of the cloud.

Once your products delivered, consignees can **Immediately Edit the Reports** and easily drop temperature files into the secure **Data Management Cloud Platform** (Compliant with 21 CFR part 11).

Depending on their preferences, users of your organization are **Instantly Alerted by Email** and can visualize temperature graphs, export data or recalculate an average exposure on a selected period.

Single Use Version

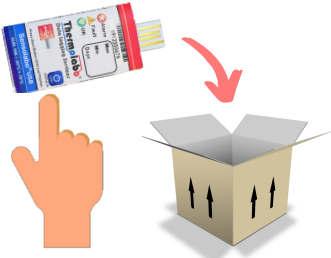

From 15.40€

No commitment, no installation fees, no monthly or hidden fees !

Improve your Monitoring Without Changing your Process

Start and Go!

One Press

Sensolabo® USB data loggers are **configured** according to your requirements. **Press the Start button to activate it.** Green LED flashes to show operation.

Edit Temp Reports

One Plug

Plug Sensolabo® USB into a computer USB port. **The PDF and CSV files are automatically generated** and made available to your consignee.

Drop the Data

One Cloud

From everywhere, at anytime, drop down the data file to the platform in less than a minute to **trigger immediately email alerts and data cloud storage.**

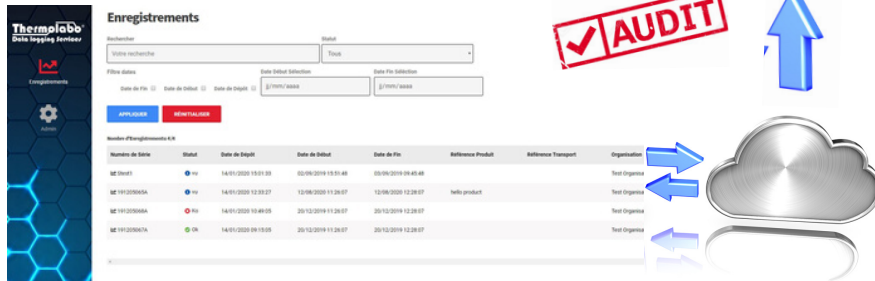

Become Agile and Compliant

Your **21 CFR part 11** compliant Cloud Space, accessible from a web browser on a 24/7/365 basis, allows visualization and export of data but also **status and comments assignment.** Organization's admin can **define alerts and authorization level for each user (Audit Trail).**

Specifications

- Temp range: -30°C to +70°C (-22°F to +158°F)
- Measurement Interval: 1 min to 2 hours
- Memory capacity: Up to 64000 measurements
- Programmable Alarms: Immediate or cumulative
- Storage Shelf Life : 1 year
- Resolution: 0.1°C (0.2°F)
- Accuracy : ± 0.5°C (0.4°F)
- Dimensions: 67 x 29 x 5 mm
- Reading environment: Windows PC +USB Port
- Weight: 12g
- Waterproof: Yes, in its plastic case.

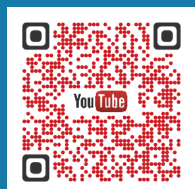

The Benefits of the Cloud Without the Costs
